1. Will the design team solicit bids for work to be subcontracted, or will the general contractor solicit bids for that work?

The design-build teams that submit Statements of Qualifications will consist of design firms, general contractors, and subcontractors, as described in section 6.1 of the Request for Qualifications. For Phase 1 of the process, these teams will be formed and short-listed based on qualifications. For Phases 2 & 3, the teams will determine costs associated with each team member's work.

2. Will there be a "question and answer" file to download for questions asked during the Industry Meeting?

The questions that were asked during the Industry Meeting, and the answers, can be viewed on the video recording of the meeting that is posted on the website. Any questions asked after the Industry Meeting, along with the responses, will be documented and posted on the website.
